PRESS RELEASE

Cosulich Logistics: our new freight forwarding network

August 2024

In recent years, Fratelli Cosulich Group has focused on expanding its logistics operations, particularly in the realm of freight forwarding. This initiative has broadened the Group's service portfolio, further enhancing its global presence and allowing it to meet the growing demands of the international market.

Today, with 8 brands and 19 companies spanning 14 countries across three continents, Fratelli Cosulich Group serves hundreds of customers across 10 industries. The Group's over 400 employees worldwide work collaboratively to deliver tailored logistics solutions, meeting the unique needs of their clients.

"We are already powerful in how we operate, creating strong relationships and synergies among our companies within the Group, but the market found it difficult to understand the extent of our reach", says Lorenzo Momigliano, General Manager of Cosulich Logistics. "We want to create our own network in house, and in the future extend this brand by looking for other interlocutors where we are not already present, which also means geographical expansion into markets that are not currently explored."

Introducing Cosulich Logistics

As part of our continued commitment to innovation and quality, we are excited to announce that all our brands will now be commercially identified as "powered by Cosulich Logistics."

This new identity reaffirms our brands' local expertise while highlighting their global reach, embodying the innovative spirit that has driven our Group since its foundation.

Companies involved:

- **Express Global:** With over 25 years of experience, Express Global offers comprehensive freight forwarding services from key international commerce hubs in Italy, Belgium, China, Hong Kong, the UK, and the US.
- **Archimede Gruden:** Established in 1930 and headquartered in Venice, Archimede Gruden operates branches in New York, Hong Kong, and Antwerp, renowned for its logistical excellence.
- **TPG EXPRESS:** A powerhouse formed from Express Global and TPG Logistics, TPG Express operates across Europe with branches in Croatia, Slovenia, Serbia, Slovakia, Austria, Poland, and the Czech Republic.

- **Fratelli Cosulich Turkey:** Since 2005, Fratelli Cosulich Turkey has been a trusted logistics partner with an extensive network spanning Europe, Africa, America, and the Far and Middle East.
- **MESCO International Forwarding:** Known for innovative solutions since 2008, MESCO has rapidly expanded across Turkey and joined the Fratelli Cosulich Group in 2022.
- **CISCATO & Company:** Established in 1986 in Vicenza, Ciscato & Company specializes in global maritime transport, offering a range of conventional and specialized services.
- **Marlines Shipping Agency:** Since 1977, Marlines has been a leading maritime agency, providing transport services across the Mediterranean, Black Sea, and beyond.
- **Express Adriatica:** Formed in 2005 in Venice as a joint venture, Express Adriatica specializes in maritime services, ensuring efficient operations from its strategic location.

Choosing Cosulich Logistics means partnering with a global entity prepared to meet any logistical need efficiently and promptly.
