

**PRESS RELEASE**

**Fratelli Cosulich Group placed  
the order for a 7,999 dwt IMO2  
chemical bunkering tanker**

---

January 20, 2025

We are pleased to announce that Fratelli Cosulich Group has placed **an order for another 7,999 dwt IMO2 chemical bunkering tanker** at Taizhou Maple Leaf Shipbuilding Co., Ltd.

This newbuild vessel is designed to carry **fuel oil, biofuels up to B100, and methanol**, highlighting our commitment to sustainability and fleet excellence.

The delivery of this methanol-ready vessel is scheduled for **Q2 2027**.

With this latest order, the total number of methanol-ready barges in our fleet will increase to four.

We strongly believe in a multi-energy future and are dedicated to staying ahead of the curve with the latest developments and technological innovations in the shipping industry.

Our team is fully prepared and excited to support the transition to sustainable marine energy.
