Fratelli Cosulich Bunkers (S) Pte Ltd Completes First B100 Biofuel Bunkering in Singapore

On January 29th, 2025, Fratelli Cosulich Bunkers (S) Pte Ltd, a Maritime and Port Authority (MPA) licensed bunker craft operator, **successfully completed its first B100 bunker delivery in Singapore.** The IMO Type II chemical bunkering tanker “Marta Cosulich,” operated by Fratelli Cosulich, delivered a parcel of B100 (UCOME) biofuel to the bulk carrier “Nord Argentum,” owned by NORDEN.

This milestone operation was made possible through collaboration with key supply chain partners, including PETCO Trading Labuan Company Limited (PTLCL), a trading arm of PETRONAS, Mitsui & Co. Energy Trading Singapore Pte. Ltd. (METS), and global shipping company NORDEN.

“This operation reflects Fratelli Cosulich Marine Energy’s commitment to supporting the maritime industry’s low-carbon transition with a fleet of future-ready bunkering tankers, and we are proud to partner with PTLCL to deliver innovative green energy solutions,” said **Diana Mok, Managing Director, Fratelli Cosulich Bunkers (S) Pte Ltd.**

“We are committed to delivering low-carbon solutions and to giving continuous support to our customers’ low-carbonization goals,” stated **Mitsui & Co. Energy Trading Singapore Pte. Ltd. (METS).**
